

OPTIONAL ONE DAY TOURNAMENT SCHEDULE

7:30-8:30 - Team Check-in/Registration (I always allowed people to check-in even after 8:30 as long as it was before the preaching. After the preaching was done, no check-in)

8:30-12:30 - Round Robin style of tournament (Games should be played to 21 or 20 minutes, whichever ever comes first. Play Round Robin in the morning, no one is eliminated, then after the preaching do a quick single elimination tournament putting the worst teams against the best teams to make the games quicker. If you have two basketball hoops, you can play twenty games from 8:30 - 12:30. You can play ten games per hoop. Twenty games equals 40 teams playing. 40 teams equals at least 120 teenagers at 3 teens per team. If you need more games, you will have to get more basketball goals or start the tournament earlier; don't start too early or people may not show up.)

12:30-12:45 - Dunking Contest

12:45-1:15 - Preaching

1:30-7:00(or earlier) Single Elimination Tournament (If you have 40 teams and two basketball hoops; a single elimination tournament will take about 7 hours or less. It should be less because you are putting your better teams against the worst teams and the games shouldn't last 20 minutes, so you can have the next team play ahead of schedule. You should be announcing throughout the afternoon which teams play next on which court and tell them to be ready to play even if the previous game ends early)
